## **About BCB Radio 106.6FM**

BCB is Bradford's thriving community radio station, using engagement with community radio as a tool for personal development, community empowerment and to bring about social change.

We provide training and support for local people, including young people, to become actively engaged in BCB as volunteer radio broadcasters, providing space in the media for people from diverse communities to have a voice and be listened to.

We broadcast a wide range of speech and music programmes made by and for the diverse communities of Bradford.

We have a small staff team which supports over 200 active volunteers. A voluntary Management Committee manages the organisation.

## **Activities for Young People at BCB**

Our city centre studio has 4 broadcast capable studios, digital recording and editing equipment, and trained staff who work with young people to enable them to broadcast.

Most work will involve creating pre-recorded programmes containing a mixture of speech and music. Shows are usually about 30 minutes long. Programmes will be broadcast on the radio and be made available on a listen again service for up to a month. Shows may be repeated.

At times we may also broadcast live from the studio, or from organised outside broadcast events. (We will send you additional information, and require further consent, before your child can participate in activities outside the building.)
